

Insinger Performance, Inc.

RUSH "Visual" Methanol

RUSH "Visual" Methanol is blended by Insinger Performance of Dushore, Pa. with AA Spec Alcohol, which is the purest alcohol in today's market. With the RUSH Visual Methanol insures competitive parity in the RUSH Sprint Car Series, and as is typical in the other RUSH divisions, testing/sampling will be randomly done at the events. RUSH is one of the first sanctioning bodies in the country to mandate a "visual" methanol, a safety-based product that will assist emergency personnel when seconds count to more easily see a methanol fire, as well as pinpoint the location of the fire. Product is available in 55-gallon sealed drums from approved RUSH Fuel Distributors.
